### Fitness Room Redesign

The new year brings a fresh redesign of the clubhouse fitness room! The former fitness room is now dedicated exclusively to free weights, giving you more space for strength training. All aerobic equipment has been relocated to the room that previously housed the pool table.

To enhance your cardio workouts, a brand-new elliptical has been added alongside the treadmill and recumbent bike. Training on the equipment was provided on December 31 as a part of the *Last Workout* celebration. Be sure to check out the updated workout spaces and enjoy the improvements!

### Successful Jingle Mingle Stroll

The first annual Jingle Mingle Stroll on December 12<sup>th</sup> was a huge success! Around 50 merry neighbors enjoyed an evening stroll through the neighborhoods, with festive stops along the way. The night kicked off at Building #4 in Bermuda Park, continued on to the Coach Homes, followed by a walk through Kentwood, and wrapped up with a final stop in the Villas. All along the route, the sound of Christmas carols filled the air, making it a truly joyful and memorable evening. Thank you to the Social Committee for organizing and the following hosts: Comeau, Randlett, Nowry, Maurinus, Hammers, McKinley, Vaydas, Levesque and Prentki

### Neighbor News

- The HOA Board is preparing a community survey to gather your feedback on our current amenities. This short but important survey helps guide future decisions, so we encourage everyone to participate. The survey will be released in mid-January—please watch for an email and website notification with details.
- Kentwood Community: Irrigation check is January 20th. If you would like a volunteer to check your system and spayed heads, please email Dawn Vishey (myharley22@yahoo.com) and we will schedule one for you.
- We love our pets and it's important to pick up after them. "When they poop, you scoop!" Thank you!
